What They're Saying

Sha.

"2+ years of living here and I'm really happy. For a picky person with lots of sensitivities, it's hard for me to find a new place that is even comparable to Vilara with their wonderful staff (Michael especially), amazing amenities and beautiful and spacious apartments. Great maintenance team as well. Every apartment complex has their share of issues or things we can pick apart, however, for the most part they're pretty on top of what matters. Other companies and complexes I've rented from I can't say the same for. The pros outweigh any cons. I think residents can do more in terms of respecting the property and treating it like their own — that would likely eliminate some issues people have mentioned here and I may have experienced. I also recently needed various forms of support and accommodations from the leasing office staff/management as I battle critical health issues. They have been incredibly understanding and willing to help. I truly appreciate that. More than words can express. Thank you Vilara team and North Coast."
